

DenseFunctor< double >

Functor< double >

chwirut2_functor

```
graph BT; A[chwirut2_functor] --> B[DenseFunctor< double >]; A --> C[Functor< double >];
```

The diagram illustrates a C++ inheritance structure. At the bottom, a box labeled 'chwirut2_functor' (with a gray background) has ten blue arrows pointing upwards. Five arrows point to a box labeled 'DenseFunctor< double >' (with a light gray background) on the left, and five arrows point to a box labeled 'Functor< double >' (with a white background) on the right. This indicates that 'chwirut2_functor' inherits from both 'DenseFunctor< double >' and 'Functor< double >'.
